 [Afrin Riswana S](#)

Summary

Highly motivated Information Technology undergraduate currently pursuing a Bachelor's degree, with strong foundational skills in Java, JavaScript, HTML, CSS, React.js, Node.js, MongoDB, and MySQL. Equipped with excellent problem-solving, debugging, teamwork, adaptability, and time-management skills. Passionate about Full Stack, Frontend, Mobile App development, and AI, with a strong drive to build scalable, high-performance applications and contribute to innovative engineering teams

Experience

Zoro Tech Pvt Ltd

July 2025 - July 2025

UI/UX Intern

Nagercoil,TamilNadu,India

During my UI/UX Design internship at Zoro Tech Pvt Ltd, I designed wireframes and prototypes in Figma, improved UI layouts, and collaborated with the team to enhance user experience and maintain design consistency.

CodTech IT Solution

June 2025

Front End Web Developer Intern

Remote

During my internship, I developed responsive web pages using HTML, CSS, and JavaScript, improved UI layouts, fixed front-end bugs, and collaborated with the team using Git to enhance overall user experience.

Education

University College of Engineering,Nagercoil

Sep 2023 - July 2027

Nagercoil, Tamilnadu, India

Bachelor's in Information Technology

8.3 CGPA (current)

Projects

Real-Time Chat Application

July 2025

Full Stack Development

Developed a real-time chat application using React.js and WebSocket for instant multi-user messaging. Implemented live message updates, chat rooms, and a responsive user interface with efficient frontend-backend communication.

E-commerce platform

Dec 2025

Full stack development

Developed a scalable e-commerce platform using React JS and Spring Boot, featuring product catalog, cart management, and secure payment processing. Implemented responsive UI and RESTful APIs for seamless user experience
